# Commissioners' Report

---

1944 - 1945

Following is a summary of our activities during the past year, together with our recommendations for the coming year:

I. *Hydrant Service and Fire Protection*: This item has continued with little change from year to year.

II. *Sidewalks*: Several hundred feet of our plank walk on Bass Beach were washed away last fall as a result of the little hurricane, high tides, and severe storms. Because of war conditions, we were unable to replace the lost sections, except with a temporary walk, which will be supplanted by a new plank walk next spring. The crest of the rocks was levelled by the State Highway Department. Extensive repairs were made this summer to our concrete walks on Chapel Road, Willow Avenue and Ocean Boulevard.

III. *Policing and Beach Patrol*: Winter watchman service was again in force last winter; and this summer we had the broken glass along the waterfront parking area picked up every week. A bulldozer was hired for one day to push back stones washed up onto the bathing beach; but the good results were spoiled by a northeast storm two days later.

IV. *Willow Avenue*: With the end of gasoline rationing following the capitulation of Japan this August, we must face again the danger of speeding automobiles on Willow Avenue. It is proposed that, starting next summer, the road be made a one-way road, for south-to-north traffic only, between the driveway to the old Norman Williams house, now owned by Governor Fuller, and the northerly end of the road at Mrs. Margaret

Fuller's house. It is also proposed to have the rest of the road marked with a yellow center-line. This whole matter is to be discussed at the annual meeting on September 4.

V. *Zoning*: Following the annual meeting last September, Edward R. Hale was re-appointed Zoning Inspector for the past year, and Blanche H. Boynton was re-appointed to the Zoning Board of Adjustment for a five-year term.

VI. *Taxes*: During the past year we have spent \$2,163.38 as shown in the summary in the Treasurer's Report. For another year we estimate that the sidewalk and fire protection expenses will be about the same, and the police, beach patrol, and miscellaneous expenses about \$300.00 more. We recommend an appropriation of \$2,500 for the coming year, out of which will have to come the 5 per cent discount on taxes. From a tax rate of \$1.00 a thousand in force last year, we shall receive \$876.63 less the discount; so that to raise \$2,500 our rate will have to be nearly \$3.00. The \$1.00 rate this past year was made possible because of the accumulated surplus, which has now been reduced.

Respectfully submitted,

WILLIAM P. FOWLER,  
MARION STOTT,  
EDWARD R. HALE,

*Commissioners of Little Boar's Head District.*
